Don't miss it!!

Chelsea Cameron

Chelsea Cameron is an actress and former model, maybe best known for her role on *Growing Pains* as the girlfriend of real-life husband Kirk Cameron. Since *Growing Pains*, 14 years ago, Kirk and Chelsea have adopted 6 children, and starred in the two *Left Behind* movies and the soon-to-be released *Left Behind—World War III* as well as other TV & movie projects.

"Both on and off the set, it's obvious that the Camerons are prime examples of Christ's love as they seek to penetrate Hollywood with the light of the Gospel and a pro-family message of adoption".

Chelsea is coming to Tuesday MOPS to speak on **Shepherding A Child's Heart** on September 26th. Kirk and Chelsea use a book by this very title, written by Ted Tripp, as a parenting tool. "It lifts the wisdom of parenting out of the Bible and is the most amazing tool about godly parenting, godly discipline, getting to the heart of a child and not the behavior, [and] teaching the heart of your child....," Chelsea explained. "I want a child whose heart understands their need for God and understands God's ways."
